INTERNATIONAL

On the Road Again

August 2010

It's Your Club!

Issue 2, Vol 8

To ensure you don't miss a single issue of this e-newsletter, just keep your Club dues current, and your email address on file at the Club office.

PREZ SEZ

by Jack Hoadley, President

First and foremost, I would like to congratulate the new V.P.s and officers of Country Coach International. We have a fine group of individuals with many talents who are willing to help move your club forward. I would also like to thank the members who participated in the election. Your commitment and dedication to the club's interest will always be appreciated.

As your newly elected President, I would like to encourage your participation moving forward. Suggestions for rally sites and hosting rallies are always welcome.

For all those who are attending the Myrtle Beach rally in South Carolina, we will be having a general membership meeting. I am looking forward to seeing all attending and sharing our traveling experiences. We hope you will take the time to attend the meeting and share your ideas. This club is only as strong as the membership. I am also looking forward to the board meeting with all the CCI VPs. This will be a great opportunity to discuss CCI future events.

It's been a long hot summer and I am looking forward to the crisp autumn weather and seeing all of you on the road. May the wind be always at your back. Safe travels, Jack.

From the Clubhouse

by Sherry Fanning, Club Manager

Thanks to each of you who recently renewed your dues this summer. Would you please take a moment and assess the status of your FMCA Membership? To be a member in good standing in CCI, you must also keep your FMCA membership current.

Check out a new "In The Mail!" section in today's issue. From time to time we will share letters and/or emails received in the office here.

Be sure to read through the expanded information at the club website. In particular, in the Industry Links you will find service center recommendations posted by state along with whatever detail we know about that particular business. Be watching for more to be added as members continue to share recommendations.

As always, feel free to contact the club office with questions regarding your membership, or anything else for that matter. Wherever your travels take you this summer, remember to send postcards, or email us pictures, and we'll live vicariously through your travels! Stay Cool, Sherry.

Life is like a parachute jump: you have to get it right the first time.

Check out the CC Area Clubs

Country Coach Area Clubs are comprised of CC owners who live within a particular region of the country, and they rally throughout the year at various locations within their area club regions. Each area club maintains a robust rally schedule. Visit the area clubs/VPs page on the club website to find an area club near you! Contact info for the CC Area Clubs is posted at <http://www.countrycoachclub.com/areaClubs.php>.

Dave Rutherford Joins Partner Family

Many of you were acquainted with Dave Rutherford during his years with CC, LLC where he worked as a Service Team Leader. You may have wondered where he is now? Well Kathy and Derrell Letulle, CCI members, recently informed this club office that he's right here in Junction City, Oregon and still busy providing expert attention to your motorcoach flooring or radiator service needs. Dave has joined the CCI Partner Family offering a 10% discount to members in good standing. Telephone: 541-359-8489. Email: rutherford2007@msn.com.

Daytona Beach FL New Ordinance

This note was received recently in the club office as an FYI to any RVers who might be considering a ride on the beach with their pooch: "July 9th, 2010 the Volusia County Council voted to prohibit dogs from riding in vehicles on Daytona Beach, even if the dog is restrained and you remain in the vehicle with the dog at all times. (In the past, vehicles with dogs in them were not prohibited from the beach by the beach toll collectors.) Letting dogs walk on the beach has always been prohibited. The new ordinance states dogs cannot ride in a vehicle on the beach..." -- John Seravalli, Daytona Beach, FL *More info is available at <http://www.news-journalonline.com/news/local/east-volusia/2010/07/11/beach-car-rides-for-dogs-shot-down.html>

Documentation

Country Coach Prevost Conversion owner Miles Circo was able to acquire a great deal of documentation and service materials specific to the Prevost Conversions during the Country Coach, LLC auction this past February. His goal? To enable all the Prevost owners to continue to maintain and operate their motorcoaches. With the help

of two former CC, LLC employees, Mr. Circo was able to obtain about 2000 pounds of files, drawings, parts and about 40 GB of computer files. As one might imagine due to the sheer volume of the acquisition, he is still in process of sorting and categorizing the information. In the meantime, anyone who has a problem with their Country Coach Prevost Conversion should feel free to contact Mr. Circo for any documentation or drawings they made need. He may be able to be of assistance. In addition, he was able to secure many electronic parts and printed circuit boards that were used in the 60000 series (pre-2004) Prevosts. In a recent email between Miles and this Club office, he stated in part, "This is not a business for me, just something I did to ensure I could keep my bus running, as well as to help a number of good friends who also have Country Coach Prevost Conversions. I am just trying to recover my expenses in obtaining the items. If anyone needs to contact me they should use my e-mail mcirco@hughes.net. I am a member of POG (Prevost Owners Group) and there are over 20 Country Coach Prevost owners in that group. They were all aware of what I was doing and I have helped most of them already in one way or another so I am happy to help any Country Coach Prevost owner the same way." -- Miles Circo, mcirco@hughes.net

Thank You, CCI!

We received this note from the chairperson of Santa Rosa Children's Hospital Foundation in San Antonio, TX. "As Chairman of the Santa Rosa Children's Hospital Foundation, I want to personally thank you for your participation in the 2010 CCI Texas Roundup Rally fund raising event. Your generous gift helps make a difference in the lives of our young patients. We are proud to be San Antonio's first children's hospital and continue to be second to none in the quality and care we provide the 150,000 children we serve each year. We are all grateful and honored at your faith in our mission. Thank you again, Robert M. Cavender, Foundation Chairman"

Q & A Regarding Wood Cabinetry Care ~ Discolored Floor Tiles

**Customer questions as answered in a past issue of CC, LLC's CC Destinations magazine's Livability column*

I love my wood cabinets, how should I care for them?

Country Coach owners can take great pride in their beautiful, artisan-crafted solid wood cabinetry. Many people tend to over-care for their wood, in fact. This causes buildup. It is easy to care for wood with regular dusting and a wipe down with a damp cloth. Oil the cabinets twice a year with natural wood oil (not a spray cleaning solvent). For stains, make a baking soda paste and gently run the stain out. There are various ways to treat scratches depending on the depth of the scratch. Walnut meat filling or wax wood crayons are good for deep scratches while oil and a fine pumice stone should take care of smaller marks. When storing the coach for lengthy periods of time it is recommended that you place a couple of water buckets inside the coach to hydrate your wood.

What do I do with these discolored floor tiles? Can they be replaced?

The tile can be replaced if damaged but it's great to make sure the discoloration is permanent before you decide to replace the discolored tile. Sometimes the discoloration is simply a buildup and not porcelain discoloration. Your porcelain floor tile is very dense and can appear discolored due to chemical buildup. The best way to clean porcelain tile is to use mjld detergent and no chemicals such as 409. Chemical stays on top of the surface and attracts dirt and dust which causes it to look discolored. These spots can be stripped with a Magic Eraser or a sponge to bring the color back to your tile.
