WHO ARE WE?

CCI is a non-profit organization, 501(c)(7), centered on Fun and Fellowship. The Club was founded in 1984 and is a Chapter of the Family Motorcoach Association (FMCA).

WHAT WE DO

The Purpose of the Country Coach Club is to: provide a community for all Country Coach motorcoach owners to exchange information, provide opportunities for fun and fellowship, support CCI and FMCA activities such as rallies and FMCA conventions, provide a common communication and resource link for CCI members and to help our fellow Country Coachers.

President Report

CCI PRESIDENT

Bill Sax

Hi CCI,

Here comes the cold! The fall colors are ending, cooler/colder days and nights are upon us. Is it time for that big decision or is it just a dream? Do you head south for the Winter? I cannot tell you how many times I dreamed of being a “snowbird”. I was a police officer for over thirty years in the St. Louis area. Yeah, I know the winters are not that bad if you compare them to the Dakotas. But they are still cold & crappy if you have to be out in the weather 24 hours a day providing police services.

During the worst weather we provided the most services. Traffic crashes in winter storms, or just out helping stranded drivers. (Heaven forbid people would drive cautiously.) Plus, after a day or night out “in it,” I get to come home, of course after scraping off my snow- and ice-covered car, to the joys of snow shoveling at home. So yeah, not wild about snow & ice.

So, my dream? Never scrape a windshield and never shovel a sidewalk again! Last year I fully retired and Rita & I headed south. Starting in Texas in November and gradually ending up in Central Florida by January 1st. Of course, there was a slight bump in the road. While camping in the Texas Hill Country in late November we endured an ice storm. Poor CC was completely covered in ice. Rita was giving me grief. She reminded me that I said Texas would be warmer than home. I quickly pointed out that technically it was. Our temperature in Texas was 26 degrees, St Louis area was 15 degrees. She didn’t see the humor. We moved further south two days later. NO MORE ICE!

This year we got an earlier start. We have been in the “south” since mid-October. And Florida since November 1st, in fact we are on our way to The Keys for a week. We will stay in Florida until March or April.

If you are so inclined to winter down here, reach out to us, we would love to meet up. Or maybe we can see you at the Lakeland Rally January 13-18.

Snowbirding or not, we hope you have a great and safe Thanksgiving. Have a little extra turkey for me!

Stay safe & healthy and we’ll be CCing you soon.

Bill

Advertiser of the Month- RV Glass Solutions

OUR SERVICE BEGINS WITH OUR PEOPLE!

With the industry's largest and most complete inventory of RV glass, even hard-to-find and obsolete parts are readily available with one phone call. Qualified auto glass technicians are ready to provide installation service anywhere in North America and required parts are typically available in two to three days. We handle all of the details of billing and deductible directly with your insurance company so you can get back on the road. You'll find the process and our people, friendly, helpful, and professional. Quality workmanship is always guaranteed.

Our greatest strengths are found in our commitment to exceptional customer service and our exclusive focus on RV owners. We understand, like no other glass company, the unique challenges associated with keeping your recreational vehicle in top condition, no matter where your travels take you.

RV Glass Solutions was founded in 2003 by John Tokatly when he recognized the challenges that RVers often encounter with Recreational Vehicle glass replacement. John believed he could make the process easier. While the company is comparatively young, John's approach was to build a company with people possessing decades of experience in the Recreational Vehicle and Glass Industries and who are highly devoted to customer service. This is the driving force behind everything RVGS does – serving the customer with old-fashioned courtesy and depth of knowledge.

WE'VE GOT YOUR BACK

PLUS, up to \$500 off foggy window replacement at our AZ, OR, IN and FL locations (min of 8 frames) through 3/31/21.

FREQUENTLY ASKED QUESTIONS

Can the rock chip in my windshield be repaired?

Yes. As with an auto windshield, a rock chip on your RV's windshield can be repaired, depending upon the size of the damaged area. A chip in the larger curved areas of some RV windshields can be more difficult to repair. A qualified glass shop will be able to make this determination when they inspect it.

Can the crack in my windshield be repaired?

As a general rule with RVs, if the crack is less than one inch in length an effective repair can likely be performed.

My windshield cracked, but I don't see evidence of a rock chip or other damage. What could have caused this?

Damage not associated with any type of object or impact is usually classified as a stress crack. A stress crack can be defined as a break that results from excessive pressures applied to the windshield by torsional flexing. This stress can occur during the process of leveling your coach, especially in extreme conditions. Driving on excessively uneven ground can cause twisting of the front cap on some motor homes. If your coach has ever sustained a significant collision, especially in the front cap area, a distortion of the windshield opening may have occurred. In the case of this last situation, we suggest having a qualified body shop inspect the opening prior to replacing the windshield(s).

Do I have to replace the rubber gasket around my windshield when I replace the glass?

No. In fact, you should reuse the existing gasket whenever possible. When removing the existing gasket, there is always some risk of breaking an adjoining windshield, encountering sagging of the front roof structure, or having to deal with problems arising from the fit of a new gasket to the original paint lines on your coach. Generally speaking, a gasket should only be replaced if it is found to have deteriorated due to dry rot or UV damage, or if some type of collision damage has been sustained. If it must be replaced, make sure the job is performed by a professional windshield installer in a controlled environment, preferably in a shop.

Can I drive my coach immediately after the windshield has been replaced, or does it need to sit for a period of time?

It is good to have your coach remain stationary and level for 2-4 hours after an installation in order to allow the windshield to set properly and allow time for the urethane to cure. "Set time" will always depend upon the type of installation and the cure time of the urethane. Some installations will require a full 24 hours before drive away is recommended. Always check with the on-site installer for specific instructions regarding your particular coach and installation.

Soldier's Angels

By Rita Sax, CCI Board Member

I walked into my former Marine daughter's house the other day and she was making greeting cards. I asked her what she was doing, and she told me she was a Soldier's Angel.

She explained it was an organization that shows support to past and current military personnel and their families, deployed service members, wounded heroes and male and female veterans of all eras.

Most of the programs would not be possible without the support of wonderful Angel volunteers who dedicate their time, money and talents to the organization.

Some of the programs may ask you to send care packages, write letters, send greeting cards of celebration and encouragement as well as handmade gifts.

Show support and comfort to the loved ones left behind when a warrior falls while in the performance or military duty.

Angels can also show support by adopting a military family this holiday season as well as supporting expected spouses of deployed service members.

You can pick any program you might be interested in, and they will give you the contact information needed to complete your objective.

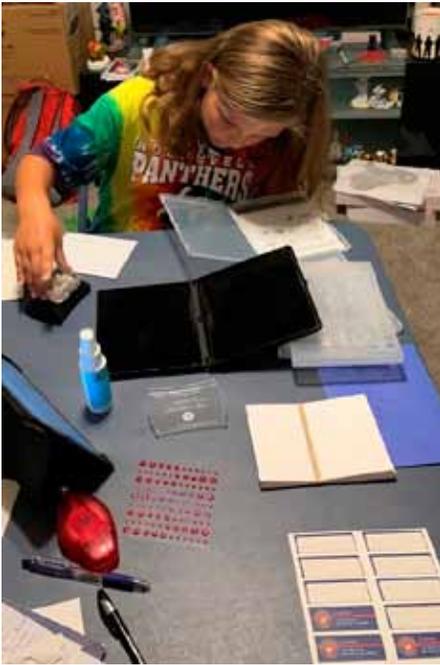

My daughter was stationed in Fallujah, Iraq. And she explained to me how great it made her feel when she received a card, a letter, or a care package. She wants to provide that same feeling to other military personnel.

While at her house, my daughter was sending a birthday card to a WWII Veteran for his 101st birthday. They were striving to send him 101 birthday cards, he ended up with over 101 cards and was so excited every time he received one.

And now my 10 year old granddaughter is a Soldier's Angel.

continued on next page

Soldier's Angels

She makes her own cards and sends them out. There is no age restriction on bringing comfort and happiness.

The happiness this Soldier's Angels group bring to Veterans, Active Duty, Deployed and families, making sure they know they have not been forgotten.

If you are interested in becoming an Angel, and showing our active duty and veterans doing it one time or multiple times, just go to SOLDIERSANGELS.org and read the website, choose the program you are interested in and get started.

Harvest Hosts (HH)

Bretz Wildlife Lodge & Winery, Carlyle, Illinois

Located in Southern Illinois, Bretz Wildlife Lodge & Winery is approximately 2 miles from beautiful Carlyle Lake. The Lodge features a rustic, yet traditional decor accented in African wildlife mounts acquired by the owner's many travels. The name "Lodge" was chosen from their many visits to South Africa where a

(continued on next page)

Harvest Host Reveiws

Lodge is a place to sit and relax while having a cocktail, a bite to eat and enjoying a fire with friendly conversation. Features include fruit wines, full bar, restaurant, live music, volleyball, & Washer pitching (Washer pitching is a game, similar to horseshoes, that involves teams of players that take turns tossing 2 inch washers towards a box or hole).

We found the Bretz Wildlife Lodge to be a delightfully friendly facility and plan to return again. The parking area is gravel and flat, just beyond the regular parking area and an easy walk to the Lodge. We were there in warm as well a chilly weather and were equally comfortable.

Casey Jones Distillery, Hopkinsville, Kentucky

Casey Jones Distillery makes true single-run Kentucky corn whiskey, moonshines, and Bourbon and give visitors an authentic “moonshine making” experience and products, and have fun doing it legally! Casey Jones Distillery produces authentic distilled spirits products, in a Casey Jones Design coffin-style still, made with the same hush-hush family recipe that made Golden Pond, KY, the moonshine capital of the world from the 1920s-1960s and put many (including Casey) behind bars!

We enjoyed our stay at Casey Jones with the friendly folks who own and manage the business. Even bought a bottle of Bourbon. Most of the RV parking is on grass with a mild slope. Be sure to check on whether the soil might be soft.

Engelheim Vineyards, Ellijay, Georgia

Engelheim Vineyards specializes in whites and reds from sweet to dry and live music weekends. The vineyards building is a lovely facility to enjoy a glass of wine and conversation.

When you arrive, go into the Lakeview Road entrance (which is NOT the parking lot). That is a gravel road but easier to manage and takes you to your spot. Please call as you arrive and they will meet you out there to tell you where to park. Also, on your call ahead, determine if there will be an event, which could limit the parking options. The entrance road is rather sloped and in poor condition. Also ask if the grassy areas are wet and soft.

CCI Bucks

By: Rita Sax - CCI Board Member

What are they? – How can you use them? - How can you earn them?

Many people ask us “What are CCI Bucks?” Which is the reason for this article.

CCI Bucks is a commodity that you can only get from CCI (Country Coach International) and use in CCI. It works just like money within CCI.

CCI Bucks can be used towards renewal of your membership or CCI Rally fees.

How can you earn CCI Bucks?

Did you know that the majority of articles in our newsletters are written by CCI members like you. When you write an article for the CCI Newsletter, you will be paid in CCI Bucks. You can write about a trip you have taken, a “how to” article or even put in a favorite recipe in the newsletter – and you will earn \$25 CCI Bucks.

When you see another Country Coach, do you stop by and say “Hello”, and introduce yourself as a fellow Country Coach owner? That is the perfect time to talk about CCI and give them a door hangar.

<https://countrycoachclub.com/resources/Documents/5-5%20Hang%20Tag.pdf>

That will give them the opportunity to join our group as well as give them your name. When they join, you will be credited \$25 CCI Bucks.

If you bring us an Advertiser that purchases a Platinum, Gold or Silver size Ad, you will be paid in CCI Bucks.

You can also get CCI Bucks as a prize at a CCI Rally.

So, let's start earning those CCI Bucks!
